

Destinations Data – April 2020

Three-Year Analysis

We have recently received the latest Destinations data results from Lancashire County Council.

This information is received annually, and our school has a statutory duty to track the destinations of learners for three years after their graduation.

A brief analysis of the data is as follows: -

Not in Education, Employment or Training

For this year's leavers, only one student is not engaged in any programme of education, employment or training (known as 'NEET'). In this instance, the student is known to us and their reason for not engaging affected their study at school.

In 2017, 5 students were recorded as NEET, with 1 student recorded as such last year.

- The average percentage of students recorded as NEET in the North West between the ages of 16 – 17 stands at 6.3% (DfE, 2019); the rate at The Hollins stands at 0.72%, which is a testament to the hard work of teaching and support staff.

Apprenticeships

The national average for students taking on an Apprenticeship after leaving school stands at just over 5%.

This year, 17 of our leavers enrolled onto an Apprenticeship programme. This is just under 12.5%.

Increased College enrolment

This year, 27 of our learners enrolled on a programme of learning at a Sixth Form, whereas 109 enrolled at a College.

Appendix A – Full table of data

	2017				2018				2019			
Type of Progression	SEN	Male	Female	TOTAL	SEN	Male	Female	TOTAL	SEN	Male	Female	TOTAL
Full-time Education	0	69	71	140	0	67	71	138	1	68	69	138
<i>of which</i>
